Maxidor Security Gates Ultra

- ✓ High Security Gate Lock
- ✓ Styled Flights
- ✓ Express Delivery
- ✓ 5 Year Product Guarantee

Design

- Can be customised to accommodate an opening for pets
- Curved shape of the flight for aesthetic appeal and consistent look across the range
- Stainless steel rivets will not rust or tarnish
- Advanced welding methods provide superior strength

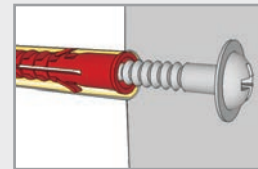

High Security Lock

- Double turn locking mechanism ensuring a deadlock
- 22mm latch extends onto the locking beam resulting in superior strength
- Provides higher security than traditional lever locks
- Durable for long life operation

T.G.I.C Grade Powder Coating

- UV stabilised TGIC grade for even finish that will not fade or yellow in the sun
- Available in two standard colours: White and bronze
- Can be made to match any colour on request (please ask for a "special colour price")

Chemical Fastening

- Chemical-fastener is used to form a permanent bond between fixing material and wall
- This prevents the barrier from being ripped out of the wall
